An investigation into a chapter of the book "Aljaarnee fi Alkhaatem"

Dr.Hessah Al-Sweedy

Abstract

This research contains a rare, valuable manuscript written by the Imam Albaihaqi. In this manuscript, the Imam

Albaihaqi deals with how the Messenger of Allah , Allah's praise and peace be upon Him, used to wear His ring, and he provides

answers to several questions such as:

-)a)Did the Messenger of Allah, Allah's praise and peace be upon Him, use to wear His ring on the fingers of his left or right hand?
-)b) What type of ring did He use to wear? What was written on it? (c) Where did the Messenger's ring go after His death? This manuscript is greatly valuable because it sheds light on an important aspect of the Prophetic Sunna I Way at

the present time, when most Muslim young men have deviated from the straight path; they have become inclined to wear prohibited items of gold jewellery such as rings, chains ,etc.

The study is composed of five parts: Part (1) introduces the manuscript and demonstrates its academic value.

Part (2) contains a concise account of the Imam Albaihaqi's biography. Part (3) locates and identifies the sources of the Prophetic

Hadiths cited in the manuscript with comments whenever necessary.

Part (4) contains the conclusion with a summary of the research 's findings.

Part (5) includes the indices.

The Imam Albaihaqi concluded his essay by presenting the Imam alshaafei's opinion on the issue of the ring of the Messenger of Allah

'Allah's praise and peace be upon Him.
